

Leap (L)

Leap is an electrically adjustable range of desking comprising of a single stand-alone desk & bench desk. Our frames can be manually expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 655 to 1255mm in height, all at the touch of a finger with the touch-sensitive controls. Each user can adjust their own desk height individually via the standard 2 button or optional memory master control unit.

Leap also features anti-trap technology meaning if it encounters an obstruction as it is going down it will stop and retract 2cm. Leap is test certified to EN527.
