

# Rollo (L)

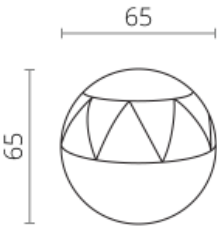

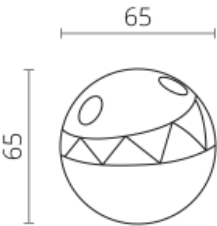

The Rollo Rebel Ball Pouffe was designed Katarzyna Okińczyc for Noti. This pouf boats and modern, lightweight design with dynamic lines to reflect its versatile functions – it's a footrest, a seat, or an exercise ball for use in homes and offices.

The rubber ball, which can be pumped up, is wrapped in three colours of 100% wool upholstery – take your pick from stone (grey), aqua (pale aquamarine) and moss (pale green). The Rebel version comes with the addition of three circles resembling eyes to capture the pouf's fun-loving side.
